Detailed Action

Election/Restrictions

1. Applicant's election of claims 1-6 for prosecution is acknowledged

Response to Amendment

2. Applicant's amendment and accompanying Remarks filed 9-10-2002 have been entered and carefully considered.

The amendment is insufficient to overcome the anticipation and obviousness rejections of claims 1-22 and 28-37.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-12, 15-19 and 28-37 are rejected under 35 U.S.C. 102(b) as being anticipated by US 4,250,136 to Rex substantially as set forth in section 6 of the last Office Action and as interpreted by the evidenciary document US 6,210,715 B1 to Starling et al

US 6210715 B1 to Starling et al teaches that industry views microspheres as having diameter range of 100 to 6000 microns (Col 3, lines 35-45). Consequently, macro spheres as discussed by Rex have a size range that corresponds to what is held in the industry to be "microspheres" regardless of the semantics Rex may employ to show distinction between his two size groupings of microspheres.

Claim Rejections - 35 USC § 102/103

Art Unit: 1771

5. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

6. Claims 13 and 14 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over US 4,250,136 to Rex substantially as set forth in section 9 of the last office action and as microspheres are interpreted as set forth above.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office Action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
